ATTENDANCE

Good Attendance is key to your child reaching their maximum potential, at Waverley our aim is to reach at least the Government National Average of 97% for the academic year. Please notify the school office by telephone or email if your child is going to be absent for any reason medical appointments should be made outside the school day if possible. You will be contacted to explain your child's absence and the school attendance officer may be sent to your home.

BEHAVIOUR

At Waverley we provide an environment which is safe, secure, and where individuals treat each other and their property with respect. We value our reputation for good behaviour and work hard to maintain it. Our approach is simple – children know our very clear expectations and take responsibility for their own choices and actions.

SPECIAL EDUCATIONAL NEEDS & SPECIAL EDUCATIONAL NEEDS AND DISABILITIES (SEND)

In line with the SEND Code of Practice we recognise that children have different needs and learn in different ways. A child not progressing at the expected rate may have quality teaching supplemented by additional interventions or differentiated help. At first this may include specific small group work or specialist equipment. If a child does not appear to be making adequate progress our SEND Coordinator may draw upon specialist input to assist the child. A child may need help such as this from time to time or over the longer term. Parents and carers are involved at every single stage of this process including termly reviews of the provision in place.

SAFEGUARDING

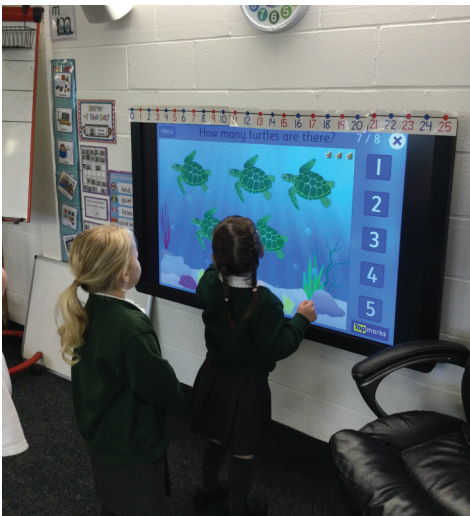

Waverley places highly it's moral & statutory responsibility to safeguard and promote the welfare of pupils. 'It can happen here'. We will be alert to the signs of abuse and neglect and follow procedures to ensure that the children receive support, protection, and justice.
